Dear Kris

I would like to congratulate you and your staff on the recent 2015 Pupil Premium Award gained by Moss Park Junior School.

To be one of only 430 schools nationally to be recognised in this way indicates the highly impressive attainment and progress of your most disadvantaged pupils. I know you constantly strive to achieve the highest standards for all your pupils. Clearly the approach you have, of high quality classroom teaching supported by quality strategies and interventions, is providing the best opportunity for some of Trafford's most vulnerable pupils to achieve and succeed and is enabling them to move to secondary school well equipped for the challenges ahead.

Please pass on to your staff and Governors my congratulations and thanks and let them know that their work and achievement is greatly appreciated.

Yours sincerely

**John Pearce**
